As part of our 2017–2023 No Boundaries strategy, we committed to complete a mid-point check-in with children, youth, families, students, staff and partners. The check-in recognized that healthcare system transformation is happening rapidly all around us while we continue to see increased volume and complexity in the clients and families we serve.

As part of the check-in process, we recognized and celebrated our successes to date, examined the current environment and ultimately made choices about our future.

Voices engaged as part of the strategy check-in

Check-in meetings with teams led by their leaders

Check-ins with family and youth leaders

3 strategy hives addressing

• Health system transformation
• Advancing research, education and care
• Evolving care and services

Engagement sessions with

• Families
• System partners
• Strategy council
• Senior management
• Board of trustees

High level insights from our strategy check-in

• Our strategy is on track—The core elements of the No Boundaries strategy continue to be relevant and meaningful; for many it has created a lens for new ideas and ambitions

• We have much to celebrate—families value what we have done and want us to deepen and accelerate our efforts to achieve the vision of No Boundaries

• Our people are engaged and love what they do but feel the weight of the volume and complexity of work
As we look to 2020-2023 our No Boundaries strategic priorities are:

**Quality, safety, and excellence**
Spread leading practices for high quality, personalized, and connected care and services
- Launch “Caring Safely” a framework for quality, safety and care that aims to make the right thing to do the easiest thing to do
- Enhance focus on mental health and wellness for our clients, families and staff
- Continue to use and invest wisely in technology, optimize Meditech Expanse and explore options for cost-effective, agile and digitally-enabled care and services

**Research and academic impact**
Complete the research growth plan; leverage our academic structures and strengths to impact care and the system
- Complete Grow Holland Blooview Research plan with new MRI suite, research space expansion, new scientists and new technology
- Leverage our expertise and research to influence public policy, clinical practices and implementation of solutions
- Drive implementation and adoption of clinical best practices
- Expand impact of family leaders in health education through Families as Faculty

**Mobilize people and teams**
- Advance our organization as an inclusive, compassionate and healthy workplace
- Nurture and retain people through enhanced personal and professional development
- Attract, reward and retain the right people for the job
- Explore agile staffing models to maximize access to services and enhance staff experiences

**DISCOVER FOR ACTION**
Co-create with children, youth, families and alumni

**Co-create with children, youth, families and alumni**

**PERSONALIZE PATHWAYS**

**PERSONALIZE PATHWAYS**

**THE MOST MEANINGFUL AND HEALTHY FUTURES FOR ALL CHILDREN, YOUTH AND FAMILIES**

**THE MOST MEANINGFUL AND HEALTHY FUTURES FOR ALL CHILDREN, YOUTH AND FAMILIES”**
Advancing No Boundaries

Much has been achieved in partnership with children, youth and families since the 2017 inception of No Boundaries. Many initiatives that began or progressed substantially will continue under the leadership of talented and committed team members. A few such examples include:

- Breaking down disability stigma through Dear Everybody
- Designing for accessibility, equity, diversity and inclusion
- Implementing key recommendations from the Truth and Reconciliation Commission
- Advocating and designing improved navigation/transition across the lifespan with focus on health care/services
- Maximizing opportunities for spread of Project Search as a means to support school/employment transition
- Influencing integrated systems of care for kids provincially and nationally through Kids Health Alliance and other partners and relationships
- Mobilize opportunities for corporate partnerships, donor contribution and philanthropy
